Top reviews from the United States

 Dan Kelly

★★★★★ **Comfortable bu not very durable for the price.**

Reviewed in the United States on March 3, 2022

Size: 12 Women/12 Men | Color: Black | **Verified Purchase**

Arrived on time, comfortable with the addition of some Dr. Scholls insoles, they were a great water proof workboot until I realized the tread in the heel is only about 1/8" thick until it wears through to large voids in the heel tread allowing water directly into the boot making them 0% waterproof in only about 2 weeks wearing them at work on a construction site. They are listed as a work boot but thought the tread would be a little more durable. Might be ok if you are standing still in one spot constantly but if you are doind lots of walking the tread will wear very quickly.

 Who?

★★★★★ **huh huh huh... "Muck"**

Reviewed in the United States on May 4, 2022

Size: 9 Women/8 Men | Color: Black | **Verified Purchase**

I bought these boots as opposed to the "top rated," "fashion" type waterproof boots that I really wanted. They were sleek, and multi colored, and ankle high for street wear, but as usual, my wife is right. She said, "You idiot! You need a steel toe - remember what happened to your Uncle Charlie!?" Yes, I sighed. "And c'mon, you need a full body waterproof suit, but that's too expensive for your measly salary." Yes, I sighed.

So I bought these, which go pretty far up a man's calf to provide some pretty great protection from whatever you're mucking around in. So far, I've completed the following trials with these boots on:

Walked up stairs, walked in the rain, walked my dog in the rain, waded through squishy grass, placed one foot in mud, placed one foot in quicksand (whoops!), walked the dog on a yo-yo, used them operating a chainsaw, and worn them in a submarine. The boots past muster (muckster?) in every instance. The neoprene exterior is pretty warm and flexible, and the steel toes are no joke. It does make these boots weigh a bit more than typical boots, but I'll probably wear them to my next physical so when my doctor says, "been putting on some weight, eh?" I can reply, "no - but I got new boots!"

TOP 50 REVIEWER

★★★★★ Warm, comfortable and great traction muck boots

Reviewed in the United States on October 30, 2021

Size: 13 Women/13 Men | Color: Black | **Verified Purchase**

My wife bought these boots for me and when I saw them I thought I wouldn't be able to wear those more than thirty minutes but not they are very comfortable, warm and great overall traction. Sure footed on wet smooth surfaces such as large, flat rocks or concrete.

I have worn these boots all day and have walked several miles over a variety of terrain with out

a complaint from my legs or feet. They are very well made.

Nobidy

★★★★☆ Skeptical

Reviewed in the United States on October 25, 2021

Size: 11 Women/11 Men | Color: Brown | **Verified Purchase**

The boots appear to be durable and fit OK. Main reason I bought these is for underground ladder work so the steel shank is a must.

I'm skeptical because the boot bends extremely easy just past the heel AKA the arch. The place where a steel shank is needed most. I see it, looks like a stick of gum in size. Not sure it's long enough and definitely doesn't look like it's in the right spot. About an inch back towards the heel would have been ideal. I will update this when I try them out

blaine

★★★★★ Buy one size smaller

Reviewed in the United States on December 19, 2021

Size: 10 Women/9 Men | Color: Black | **Verified Purchase**

I was concerned with all the reviews that the boots came large so I ordered a 9 when I always, always wear a 10d in everything.

Glad I did because even with a thick pair of cotton socks, they are still quite roomy.

Maybe with a thick pair of wool socks they would be snug but unless you are planning on wearing two thick pairs of wool socks, buy a size smaller.

These boots run very large. Measure your foot and follow the sizing chart.

Alphonso

★★★★★ **Very comfortable and well-made**

Reviewed in the United States on February 7, 2022

Size: 11 Women/10 Men | Color: Brown | **Verified Purchase**

I drive a concrete mixer I'm always standing in cement and water slurry or in the mud . These Boots keep your feet dry and with a nice pair of wool socks very warm. A lot nicer than the Carhartt. Thicker rubber and half the price

★★★★★ **Comfortable**

Reviewed in the United States on March 28, 2022

Size: 11 Women/11 Men | Color: Reed Grass | **Verified Purchase**

My size is 10 so I order 11. I know it's a little bit bigger but I put it on off almost every day for my kitchen floor washing. Sorry I am not use it for hunting, I really love this boot, comfortable, waterproof, lightweight, and the steel head is the super safe work in the kitchen.

Amazon Customer

★★★★★ **Warm, dry and comfortable.**

Reviewed in Canada on May 24, 2022

Size: 12 Women/12 Men | Color: Brown | **Verified Purchase**

These boots are exactly what I expected. Very comfortable and warm . They're not supposed to crack like other brands and I hope it's true . They have a different rubber than my last ones , so I'm optimistic. Glad I ordered these .

★☆☆☆☆ **Nice customer service.**

Reviewed in Canada on January 11, 2022

Size: 10 Women/9 Men | Color: Brown | **Verified Purchase**

Nice customer service but I would never recommend these boots for work.
It is 2times I have tried these boots but they all have leaking problems despite new boots.
(One now was leaking and I claimed it and they offered me a new one but still leaking..)
